- b. And Paste the Order ID number

- c. If the customer does not have an Amazon Order number, for example they bought it on Target, Flip, or other channels.

- i. Copy the Order Number from their email and [Visit Here](#)

1. Control + F and paste the order number to find it

- a. If it exists then help them
- b. If it does not exist, then send this email.

(IMPORTANT: THERE ARE MANY CUSTOMERS THAT WILL FAKE A RANDOM ORDER NUMBER TO GET FREE PRODUCTS)

Once Confirmed, help the customer with their inquiry. The most common inquiries and email responses are below:

▼ Common Issue #1: Product Not Working / Difficulty Setting Up:

Dear [Customer's Name],

Thank you for reaching out! We're sorry to hear you're having trouble syncing your Mini Mic Pro to your phone. Let's walk through the steps to get everything connected and working smoothly:

[Here is a quick visual video to help](#), recapping steps below:

Step 1: Connect your Adapter to Your Phone

- **For USB-C ports:** Plug the USB-C adapter into the Mini Mic Pro and then connect it to your phone.
- **For iPhones 14 or Older (Lightning port):** Use the included Lightning adapter to connect the Mini Mic Pro to your phone.

Step 2: Pairing

- Hold the button on your Mini Mic Pro until it turns on (the light should be blinking green)
- Once the light is solid green, your device is now paired!

Step 3: Test the Microphone

- Once connected, open your phone's **voice recording app** or **video recording app**.
- Record a short test video or audio clip while speaking directly into the Mini Mic Pro.
- Play back the recording to check for clear audio from the mic.

If your device is blinking red / not connecting please try this:

- Step 1: Hold the Power Button for 10 seconds to reset the device. Your device light should turn off and back on and blink
- Step 2: Unplug and replug adapter into device
- Step 3: Power light on microphone should be solid green to indicate the device is connected.
- Step 4: Open up voice memo or camera app and record to test if the microphone is working
- For Android devices, turn on OTG.

If you're still having issues, please let us know.

We're here to help and make sure you get the best experience with your Mini Mic Pro!

Best regards,

[Your Name]

Customer Support

Common Issue #2 Product damaged one or both / Replacement Requested OR IF COMMON ISSUE #1 CANNOT BE RESOLVED:

1. Customer is claiming warranty or the product is broken/damaged and the customer is requesting a replacement (FULL REPLACEMENT)
2. Customer requesting adapter only
 - a. It is our fault (Free Shipping + Free Product) ← Respond with this template
 - b. It is not our fault (\$4 Shipping + Free Product) ← Respond with this template
3. Customer requesting tips only
 - a. It is our fault (Free Shipping + Free Product) ← Respond with this template
 - b. It is not our fault (\$4 Shipping + Free Product) ← Respond with this template

If it is our fault, create a shipping code that gives the user free shipping.

Once the Issue is resolved. Make sure to confirm with the customer it is resolved.

▼ If Customer Does Not Respond to Ticket Once Solution is Present

Hi [NAME],

Just following up on your support ticket. We provided a solution, and I wanted to check if everything is working as expected.

If you need any further assistance, feel free to reply. If we don't hear back, we'll close the ticket in a few days, but you can always reach out if needed.

Thank you,

Sarah

▼ FOR MORE FAQs

1. General Product Information

Q: What is the Mini Mic Pro?

A: Mini Mic Pro is a portable, high-quality microphone for content creation, interviews, ASMR, and more. It's compatible with most devices and offers superior sound quality.

Q: What devices is it compatible with?

A: Mini Mic Pro works with smartphones, tablets, laptops, and cameras. For Android devices, ensure the OTG (On-The-Go) function is enabled.

2. Setup & Usage

Q: How do I set up the Mini Mic Pro?

A:

1. Plug in USB-C / Lightning Port into Device
2. Hold the switch key until the light starts blinking.
3. Once connected, the light should be solid green.
4. Position the mic close to your mouth for optimal audio.

Q: How long does the battery last?

A: The battery lasts up to 6 hours on a full charge and takes 1–2 hours to recharge.

Q: My mic isn't recording—what should I do?

A:

- Check the mic connection.
 - For Android, enable OTG.
 - Ensure the mic is selected as the input device in your recording app.
-

3. Troubleshooting

Q: The mic isn't turning on—what's wrong?

A:

- Charge the mic fully using the included USB-C cable.
- If the issue persists, contact us for a replacement.

Q: There's static in the audio—how can I fix it?

A:

- Ensure the mic is not covered or too far from your mouth.
- Keep the antenna unobstructed (for wireless use).

Q: My adapter doesn't fit—what should I do?

A: Contact us, and we'll send you a replacement adapter free of charge.

Q: I charged the microphone for 4-5 hours and nothing has happened?

Please note the following indicators when charging.

Key Indicators

Low Battery Indicators: When powering on the microphone, the red and green light come on every 10 seconds.

Charging: The red light goes fully out when charged

If you are facing issues where the microphone is still not working please feel free to reach out.

4. Returns & Replacements

Q: How do I request a replacement?

A: Confirm your order ID and shipping address, and we'll send a free replacement.

Q: Can I return the product?

A: Yes, returns can be processed through Amazon. Contact us first if you'd like us to resolve the issue before returning.

5. Customer Satisfaction

Q: Can I leave a review?

A: Yes! Your feedback helps us improve. Share your thoughts on Amazon using this [link].

Q: What if I'm unhappy with the product?

A: Contact us directly, and we'll offer a refund, replacement, or upgraded product to make it right.

6. Common Policies

Warranty:

- All products are covered by a 6-month warranty.

Shipping Times for Replacements:

- Replacements are shipped within 1–2 business days and typically arrive in 5–7 days.

Refund Process:

- Refunds are processed within 3–5 business days after confirmation.
